An elegant assortment of gentle hues surrounding you with modernity and style; Aggregate, Chalk, Obsidian, and Sediment are contemporary colors that can be mixed to create an impressive multicolor background for commercial and residential settings.
LAYERS / OBSIDIAN
6"x24", 12"x12" listello mosaic / OBSIDIAN
sizes:

6"x24"
- 1094494 Aggregate
- 1094495 Chalk
- 1094496 Obsidian
- 1094497 Sediment

12"x24"
- 1094423 Aggregate
- 1094424 Chalk
- 1094425 Obsidian
- 1094426 Sediment

12"x12"
- 1094416 Aggregate
- 1094417 Chalk
- 1094418 Obsidian
- 1094419 Sediment

mosaics & trim pieces:

12"x12" Listello Mosaic
- 1094449 Aggregate
- 1094450 Chalk
- 1094451 Obsidian
- 1094452 Sediment

12"x12" Mosaic
- 1094432 Aggregate
- 1094433 Chalk
- 1094434 Obsidian
- 1094435 Sediment

3"x12" Bullnose
- 1094428 Aggregate
- 1094429 Chalk
- 1094430 Obsidian
- 1094431 Sediment

6"x12" Cove Base *special order only
- 1094436 Aggregate
- 1094437 Chalk
- 1094438 Obsidian
- 1094439 Sediment

Colors shown may vary from actual product. Final selection should be made from actual product samples.

*Due to the inherent nature of fired porcelain tile, it is important to note that the coefficient of friction may vary within and between product runs.*

"Frost Resistant for the House"

The product is water-resistant; it stops liquids, body oils, acidic and staining substances from penetrating the tile. It resists scratches, scuffs and physical stress better than any other floor covering. It does not absorb stains, odors or moisture. It does not discolor or fade when exposed to sunlight, or other natural elements. It is a completely non-porous material that does not absorb water or hide a spill. Its high resistance to abrasive dirt and grime makes it suitable even for heavy traffic areas of the house, such as hallways, entrances, foyers and walkways.

**Hygiene/Sanitation & Easy Cleaning**

The Milestone product doesn’t absorb odors or bacteria of any kind. It’s easy to clean with a damp sponge, mop, or cloth. For a more intense cleaning, simply use a mild solution of water and a common household detergent. Regular cleaning will stop the growth of germs and bacteria in damp areas such as the bathroom.

"Anti-Slip"

The testing conducted on our finished product will guarantee that all of our tiles will meet anti-slip requirements. They may be used with total confidence on tile surfaces in areas prone to spills, such as kitchens and bathrooms, as well as in wet and dry areas, including wet snack areas, vending machines, such as restaurants, offices, retail stores, etc. Its anti-slip properties provide a safe walking surface in both wet and dry conditions, according to the Americans with Disabilities Act.

All other sizes will be packaged as ordered. Please contact Milestone Customer Service at 1-877-356-7461 for packaging information.

*Weight per Pallet does not include pallet weight itself. All other sizes will be packaged as ordered. Please contact Milestone Customer Service at 1-877-356-7461 for packaging information.*

**Minimum Grout Size Recommended**: 5 mm (or approx. 3/16") if staggered tile placement. We recommend using a 30% offset. If specified brick pattern with 1/2" pattern mandatory, a bigger grout is recommended to hide imperfections of installation (minimum 1/4").
WHY PORCELAIN?

There are many reasons to choose impervious porcelain tile over other floor coverings. It offers the largest array of design options and holds its value the longest. In a comparison between the many different flooring options, porcelain tile offers one of the most durable and least expensive options over the lifespan of the building.

Benefits of Porcelain Tile

- Impervious to water
- Easy to maintain
- Variety of design options
- Environmentally friendly
- Resistant to germs and bacteria
- Fade resistant
- Fire resistant
- Durable – best long-term value vs. other floor coverings
