An elegant assortment of gentle hues surrounding you with modernity and style; Aggregate, Chalk, Obsidian, and Sediment are contemporary colors that can be mixed to create an impressive multicolor background for commercial and residential settings.
LAYERS / AGGREGATE
6"x24", 12"x12" listello mosaic / OBSIDIAN
SIZES & SHADE VARIATION

sizes:

6"x24"
- Aggregate
- Chalk
- Obsidian
- Sediment

12"x24"
- Aggregate
- Chalk
- Obsidian

12"x12"
- Aggregate
- Chalk
- Obsidian
- Sediment

mosaics & trim pieces:

12"x12" Listello Mosaic
- Aggregate
- Chalk
- Obsidian
- Sediment

12"x12" Mosaic
- Aggregate
- Chalk
- Obsidian
- Sediment

3"x12" Bullnose
- Aggregate
- Chalk
- Obsidian
- Sediment

6"x12" Cove Base *special order only
- Aggregate
- Chalk
- Obsidian
- Sediment

Colors shown may vary from actual product. Final selection should be made from actual product samples.

V1
UNIFORM APPEARANCE
Differences among pieces from the same production run are minimal.

V2
SLIGHT VARIATION
Clearly distinguishable differences in texture and/or pattern with similar colors.

V3
MODERATE VARIATION
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

V4
SUBSTANTIAL VARIATION
Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

Colors shown may vary from actual product. Final selection should be made from actual product samples.

* weight per pallet does not include pallet weight itself. all other sizes will be packaged as ordered. please contact milestone customer service at 1-877-356-7461 for packaging information.

minimum grout size recommended = 5 mm (or approx. 3/16”) if staggered tile placement; we recommend using a 30% offset; if specified brick pattern with 1/2 pattern mandatory; a bigger grout is recommended to hide imperfections of installation (minimum 1/4”).
WHY PORCELAIN?

There are many reasons to choose impervious porcelain tile over other floor coverings. It offers the largest array of design options and holds its value the longest. In a comparison between the many different flooring options, porcelain tile offers one of the most durable and least expensive options over the lifespan of the building.

Benefits of Porcelain Tile

- Impervious to water
- Easy to maintain
- Variety of design options
- Environmentally friendly
- Resistant to germs and bacteria
- Fade resistant
- Fire resistant
- Durable – best long-term value vs. other floor coverings

Routine care instructions:

1. Wash with water to remove superficial dirt.
2. Application of Fila Cleaner® Fila (commercial product) diluted to an average of 1:200 to the surface.
3. Let the solution sit 5-7 minutes.
4. Remove the cleaner with a vigorous mechanical cleaning action using common hand cleaning equipment, or a suitable floor-cleaning appliance.
5. Dry the floor completely.

Note: For desired results, it is particularly important to combine the effect of the detergent with a vigorous mechanical cleaning action.

The products mentioned in these instructions do not officiate any official agreements with any floor cleaning product producers.
