URBAN LANDSCAPE / COLOR BODY PORCELAIN MADE IN THE USA.
Concrete is transformed into a tile with a distinctive urban mood. Milestone’s Urban Landscape collection consists of seven chic modern colors. The minimalistic smoothness and the solid color of the surface make the series perfect for contemporary projects with an urban feel. The collection offers two tile sizes coordinated with mosaics and trims that give it the ability to fit into any context and to be adaptable to a variety of aesthetic and functional needs. A minimalist style designed to inspire and surround commercial surfaces.

Colors shown may vary from actual product. Final selection should be made from actual product samples.

Variation:

V1 UNIFORM APPEARANCE
Differences among pieces from the same production run are minimal.

V2 SLIGHT VARIATION
Clearly distinguishable differences in texture and/or pattern with similar colors.

V3 MODERATE VARIATION
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

V4 SUBSTANTIAL VARIATION
Random color differences from tile to tile so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

*Weight per Pallet does not include pallet weight itself. All other sizes will be packaged as ordered. Please contact Palestone Customer Service at 1-877-356-7461 for packaging information. Minimum gROUT size recommended = 5 mm (or approx. 3/16”) if staggered tile placement, we recommend using a 30% offset. If specified brick pattern with 1/2 pattern mandatory, a bigger gROUT is recommended to hide imperfections of installation (minimum 1/4”).
WHY PORCELAIN?

There are many reasons to choose impervious porcelain tile over other floor coverings. It offers the largest array of design options and holds its value the longest. In a comparison between the many different flooring options, porcelain tile offers one of the most durable and least expensive options over the lifespan of the building.

Benefits of Porcelain Tile

- Impervious to water
- Easy to maintain
- Variety of design options
- Environmentally friendly
- Resistant to germs and bacteria
- Fade resistant
- Fire resistant
- Durable - best long-term value vs. other floor coverings

ACOMMITMENT TOTHE DEVELOPMENT OF PRODUCTS FOR A CONSCIOUS BUILDING TRADE

Milestone offers products containing recycled material. The adoption of eco-compatible production systems is a merit of Italian designs produced in the U.S.

TECHNICAL DEVELOPMENT THAT CONSIDERS THE NATURAL ENVIRONMENT

Milestone commits to the eco-compatible project and translates the same into an avant-garde production process, minimizing the negative impact on the environment.

WHY PORCELAIN?

These reasons alone justify impervious porcelain tile as the floor covering of choice for any application.

Routine care instructions:

1. Wash with water to remove superficial dirt.
2. Application of Fila Cleaner® Fila (commercial product) diluted to an average of 1:200 to the surface.
3. Let the solution sit 5-7 minutes.
4. Remove the cleaner with a vigorous mechanical cleaning action using common hand cleaning equipment, or a suitable floor-cleaning appliance.
5. Dry the floor completely.

Note: For desired results, it is particularly important to combine the effect of the detergent with a vigorous mechanical cleaning action.

The products mentioned in these instructions do not officiate any official agreements with any floor cleaning product producers.
