URBAN LANDSCAPE / COLOR BODY PORCELAIN MADE IN THE USA.
Concrete is transformed into a tile with a distinctive urban mood. Milestone’s Urban Landscape collection consists of seven chic modern colors. The minimalistic smoothness and the solid color of the surface make the series perfect for contemporary projects with an urban feel. The collection offers two tile sizes coordinated with mosaics and trims that give it the ability to fit into any context and to be adaptable to a variety of aesthetic and functional needs. A minimalist style designed to inspire and surround commercial surfaces.
SIZES & SHADE VARIATION

sizes:

12”x12”
1099489 Silver Lake
1099490 South Side
1099488 Brighton
1099485 Soho
1099487 Chelsea

12”x24”

1090611 Silver Lake
1090612 South Side
1090612 Brighton
1090608 Soho
1090607 Chelsea

mosaics & trim pieces:

Mosaic 12”x12”
1094198 Silver Lake
1094199 South Side
1094192 Brighton
1094190 Soho
1094194 Chelsea

3”x12” Bullnose
1094194 Silver Lake
1094195 South Side
1094193 Brighton
1094191 Soho
1094190 Chelsea

6”x12” Cove Base *special order only
1094203 Silver Lake
1094204 South Side
1094215 Brighton
1094216 Soho
1094201 Chelsea

Colors shown may vary from actual product. Final selection should be made from actual product samples.

MODERATE VARIATION
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

SUBSTANTIAL VARIATION
Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

URBAN LANDSCAPE / COLOR BODY PORCELAIN MADE IN THE USA.
**technical specifications**

**SURFACE ABRASION IV ASTMD C1027**

Water absorption ≤0.5% meets requirement ASTM C373.

Chemical resistance reported not affected ASTM 650.

Dynamic coefficient of friction ≥0.42 wet meets requirement ANSI A137.1.

Stain resistance reported not affected ASTM C1378.

Breaking strength ≥400 ASTM C648.

Resistance to freeze as reported resistant ASTM C1026.

**packaging**

- **DUE TO THE INHERENT NATURE OF FIRED PORCELAIN TILE, IT IS IMPORTANT TO NOTE THAT THE COEFFICIENT OF FRICTION MAY VARY WITHIN AND BETWEEN PRODUCT RUNS.**

* Due to the inherent nature of fired porcelain tile, it is important to note that the coefficient of friction may vary within and between product runs.

The product is water-resistant. It stops liquids, body oils, acidic and staining substances from penetrating the tiles. It resists scratches, scuffing and gouges better than any other floor covering. It does not absorb burns, odors or stains. It does not discolor or fade when exposed to sunlight, or other natural elements. It is completely proof. It resists burns and doesn’t leave a film. Its high resistance to abrasive dirt and grime makes it suitable even for heavy-traffic areas of the house. It resists mildew, stain and soot. In addition, the Milestone product can also be used for outside applications. It stands up to abrupt temperature changes and freezing-thaw cycles. When properly installed according to ANSI A137.1, it resists enough to be used in exterior applications even in foggy climates. Proper consideration must be given to the anti-slip requirements of the area to be tiled.

**ANTI-SLIP**

The testing conducted on our finished product will guarantee that all of our tiles will have an anti-slip surface so they may be used with total confidence in both interior and exterior applications. The Milestone product is suitable for any floor that will be walked on, such as hallways, entrances, foyers and walkways. It’s strong enough to be used in exterior applications even in foggy climates. Proper consideration must be given to the anti-slip requirements of the area to be tiled.

**HYGIENE/SANITATION & EASY CLEANING**

The Milestone product doesn’t absorb odors or bacteria of any kind. It’s easy to clean with a damp sponge, mop, or cloth. For a more intense cleaning, simply use a mild solution of water and a common household detergent. Regular cleaning will stop the growth of germs and bacteria in damp areas such as the bathroom.
Routine care instructions:

1. Wash with water to remove superficial dirt.
2. Application of Fila Cleaner® Fila (commercial product) diluted to an average of 1:200 to the surface.
3. Let the solution sit 5-7 minutes.
4. Remove the cleaner with a vigorous mechanical cleaning action using common hand cleaning equipment, or a suitable floor-cleaning appliance.
5. Dry the floor completely.

Note: For desired results, it is particularly important to combine the effect of the detergent with a vigorous mechanical cleaning action.

The products mentioned in these instructions do not officiate any official agreements with any floor cleaning product producers.
